

\*Observed Loss of Consciousness (LOC)  
 = Yes if witnessed by an observer  
 = No if based on own experience

1 = TBI without PTA  
0 = No TBI

Valid dazed = Yes; duration 30 seconds to 24 hours  
 Valid confused = Yes; duration 30 seconds to 24 hours  
 Valid saw stars = Yes; regardless of duration  
 Valid head struck = Yes; head was struck or head hit something

**Note:** For interview coding of dazed and confused, less than 30 seconds is coded as 0 minutes; so valid duration is 1 minute to 24 hours
